Reason for allowance

The following is an examiner's statement of reasons for allowance: the prior art of records (2007/0080723) fails to show a buffer circuit comprising: a first transistor having a gate, a source, and a drain, wherein the source of the first transistor is connected to the input terminal; a second transistor having a gate, a source, and a drain, wherein the gate of the first transistor is connected to the drain and the gate of the second transistor, wherein the source of the second transistor is connected to the output terminal; a third transistor having a gate, a source, and a drain, wherein the gate of the third transistor is connected to the drain of the first transistor, wherein the source of the third transistor is connected to the output terminal and to the source of the second transistor; a first current source connected to the drain of the first transistor; and a second current source connected to the drain of the second transistor as called for in claims 2, 7, 9, 10 and 21. Therefore, claims 2-16 and 21-25 are allowed.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
